T. R. SCORES WILSON FOR 'FINE WORDS'

SAYS ELOCUTION IS SUBSTITUTED BY PRESIDENT FOR ACTION

Hughes Women Arrive L. A. At Noon; Wilson Women Shout "Wilson"

CHIEF EXECUTIVE IS EN ROUTE TO CHICAGO

Democratic Leader Scheduled To Make Nine Stops In New York Today

LOS ANGELES, Oct. 18.—The special train bearing the Hughesettes arrived at noon and was greeted by Wilsonettes. The Wilson women shouted "Wilson!" and the Hughes supporters shouted "Vote for Hughes!" The Republicans were escorted by an auto parade to the Alexandria Hotel.

ABOARD THE ROOSEVELT TRAIN, Springfield, O., Oct. 18.—A freight train derailment near Delaware at midnight caused Col. Roosevelt a detour of 150 miles. This disarranged the Roosevelt schedule.

CORBIN, Ky., Oct. 18.—Col. Roosevelt today scored President Wilson for stilling the nation's spirit of patriotism by elocution. The President substitutes words for deeds, said the Colonel.

"I feel that primarily the great count against Mr. Wilson is that by his substitution of words for deeds and his betrayal by his fine words he so loosed the spring of American patriotism that he has dulled the moral sense of our people," said the Colonel. "Moreover, in addition to the fact that his deeds made his lofty utterances matters of contemptuous derision, some of his words themselves have eaten into the minds of our people with the acid of degradation."

"A little while ago in one of our large cities a school teacher declined to allow the children in his class to sing patriotic songs. It is small wonder that that would be the case when the chief executive sets the kind of example that Mr. Wilson has set."

"If the President is inspired by the sinking of the Lusitania, with the loss of 1300 lives, only to make his remark about being too proud to fight, it is not to be wondered at that some of his friends should feel reluctant in singing the Star Spangled Banner. If the President never ventures to raise his voice in protest against the treacherous murder of Boyd and Adair and their troops, those who follow him are to be excused for refusing to sing 'America.'"

"The election of Hughes is the only way in which we can restore the tone of the national conscience and give our people once more the feeling of duty and patriotism."

PARTISAN MOTIVES BACK OF LUSITANIA NOTE RUMORS—POLK

WASHINGTON, Oct. 18.—The last German memorandum to this country proposing certain terms of settlement for the Lusitania sinking was not accepted by the United States, Acting Secretary of State Polk declared today.

Polk made the announcement because of published reports that the memorandum had been accepted and would be used as a basis for final settlement. These reports stated that Germany reiterated her contention that the torpedoing of the Lusitania was justifiable, but admitted that the loss of American lives was not justifiable and expressed regret and promised financial reparation.

"The note has not been accepted," Polk said. "It will not be made public. Stories that state that it has been accepted and will be made public were printed for partisan purposes. The state department is not going to be drawn into a discussion this time."

Polk refused to be specific as to the contents of the memorandum.

ASBURY PARK, Oct. 18.—Following a telephone conference between President Wilson and Acting Secretary Polk, presidential secretary Tumulty characterized as "absolute fabrications" published reports that the United States had accepted a settlement in the Lusitania case based upon the German contention that the attack was justifiable.

ORATORS FROM HUGHES TRAIN WILL BE HERE

This meeting will have an especial appeal to women, and in many ways it will be one of the most remarkable political meetings held during the campaign.

Local Folk in L. A. Orange county was well represented today in the parade in Los Angeles following the arrival there of the train bearing women who are touring the country in the interest of Hughes for president. Several automobile parties went from here and other sections of the county. Mrs. R. C. The Hughes Alliance train will go through to San Diego tonight and returning from that place will pass through Santa Ana about 1 o'clock tomorrow afternoon.

Efforts to Be Made to Have Senate Candidate Visit Among Local Voters

He is working down the coast and will come here from Bakersfield, where he will deliver an address Saturday night. He will not be in Santa Ana to make an address, but efforts will be made to have him come here for a visit among some of the active Progressive and Regular Republicans who are working in perfect harmony for the success of the Republican ticket.

Two day and one evening address will be made in the county Monday. All will be held in halls. The Governor is suffering from a cold and it is not considered advisable for him to attempt to speak in the open.

The Anaheim band has been engaged to accompany the governor and his party on the tour in Orange County.

The first meeting of the day will be held at Fullerton at 11:30 at the bank hall.

At 3 o'clock in the afternoon the Governor will speak at Orange in a hall yet to be selected.

It was expected that the matter would be brought before the houses before further action would be taken on the revision of prayers.

AGED COUPLE FOUND SLAIN IN BALTIMORE

BALTIMORE, Oct. 18.—A double murder was discovered when the mutilated bodies of Andrew Frey, 60 years old, and his sister, Marie Frey, 55, were found near their home at Rosedale, Baltimore county. Apparently they had been lying in an out of the way place for several days.

An effort had been made to destroy the man's body by pouring oil on it and setting it afire. Evidently the house had been robbed of everything of value. The ground in front of the house was torn up and a heavy log, bespattered with blood, lay at Frey's side. His skull and that of his sister had been fractured.

He spoke of the excellent effect of the Harbison meetings in Imperial county, stating that Harbison had made a good impression upon the voters and that many had come out in his support who had not been for him.

Among the loyal supporters are two of the leading ministers of valley churches, who are working for his election to place a dry man in Congress from this district.

MUNICIPAL BONDS FOR STREET WORK MAY BE UP TO POMONA VOTE

POMONA, Oct. 18.—A mass meeting of citizens has approved and adopted a report which was submitted by a committee of twenty-five citizens, who have for eight months been making a study of the needs of this community in the matter of paving, curbing and drainage. This report grows out of the big floods which destroyed \$50,000 worth of paving here last February.

The report as approved has been submitted to the city council and that body will call an election to vote municipal bonds in the amount of \$200,000 for the proposed improvements in case 60 per cent of the taxpayers signify in a straw vote that they will support such a bond proposition.

Congress Candidate Flays Democrats in Speech at Anaheim

Fells Hardships Worked Upon Citrus Industry Because of Protection Lack

Must Consider Tariff Laws With Antebellum Views, Says Gate City Man

"I am absolutely committed to the adoption of a National Constitutional amendment submitting to the people of the United States the question of whether the liquor traffic, both as to manufacture and sale, shall be absolutely prohibited within our borders."

This positive and unqualified statement by R. C. Harbison of San Bernardino, at a meeting in Anaheim last night, sets at rest all doubt as to his position on the liquor question. Harbison is editor of the San Bernardino Sun and for twenty years or more has fought for the dry cause in that city. He is in Orange county this week in the interest of his candidacy for congressman from this district.

Touching upon the dry issue in his address at the open forum at Anaheim last night, he said in part:

Issue in Congress Campaign

"Because of the present campaign to make California dry, the Prohibition questions naturally enters very materially into the congressional campaign. I am absolutely committed to the adoption of a National Constitutional Amendment submitting to the people of the United States the question of whether the liquor traffic, both as to manufacture and sale, shall be absolutely prohibited within our borders. It is the only solution of this question. For twenty years I have fought the dry battle in my home city. I have likewise championed the cause of dry California every time it has been submitted. And I have the endorsement of every dry committee that has ever been organized in my home city. The people of the Eleventh District have the opportunity to elect a dry man to congress, but if because of the candidacy of Mr. Edwards, the representative of the Prohibition party, a dry Republican might divert their votes to him, the result would be, not to elect Mr. Edwards, but to defeat me by the election of Mr. Kettner."

Asks "Dry" Support

"In the registration for the August primaries there were 5100 party Prohibitionists in this district. There were 51,000 registered Republicans in this district, ten for one I therefore submit to you whether the election of Mr. Edwards is even the remotest possibility, and because of that fact I solicit the support of every dry voter in this district, and I pledge myself to make good in the halls of congress on that issue, if I should be commissioned as the representative of this district at Washington."

Harbison made a deep impression in his discussion of the tariff issues. He sent his points home in forceful comparisons.

Flays Democrats

"In the lexicon on Democratic faith, a tariff for the purpose of protection is utterly unconstitutional," said the speaker, "and that party has reasoned itself into the amazing attitude, boldly stated by Congressman Kent, another misrepresentative from California, who declared on the floor of congress that any industry that cannot stand alone, and without protection, ought to perish, and that is what happens when protection is withdrawn."

"I know one grower in Riverside county who shipped 20,000 boxes of lemons to an eastern market a few months after the present tariff law was enacted in 1915, and he did not get a single dollar in return, and many Orange county growers duplicated that sad experience. Why? Because Italian lemons, raised by labor that never dreams of earning so much as a dollar a day, were flooding the eastern markets, and the California product was completely driven out."

Scores Munition Makers

"But listen. That was two years ago when the Italians were in the orchards instead of in the trenches; and now what a miraculous change in the

R. C. HARBISON

market situation, for the other day a shipment of oranges from this same Eleventh District sold in the Cleveland market for more than seven dollars a box. Why? I will tell you why. Because half the world is at war and there are no ships in which to carry the Sicilian fruit to our ports. The only protection the California lemon growers is told in the tale of tears in a million stricken homes across the ocean. And it would be the same sad story for every producer in the land, were not their customers working overtime to furnish munitions and supplies that make it possible for 15,000,000 of men to be making the reddest history this old world ever knew."

Pre-War Views Needed

"We must view tariff legislation and tariff conditions, not in the light of 1916 markets, but as they were before this world war began, and as they will be when this world war is ended. The present tariff law slashed the duty on lemons and oranges and beans and sugar, and practically every product of this Eleventh District. Three weeks from today the people of this district will be asked to pass judgment on that tariff law. There will be no mistaking the meaning of this answer. If the present congressman from this district, my Democratic opponent Mr. Kettner, shall be returned to congress, the only interpretation of that support will be that the people of this district are satisfied with the present tariff laws and desire it to be continued. In other words, we will get from the next congress just exactly what we wish, and the only way to demand a change is to elect a Republican representative in touch with and in sympathy with the controlling interests of the Republican party nationally, which demands a return to a tariff on a protective basis."

Weisel Talks

The meeting at the open forum was well attended, despite the fact that it was a cold evening. Many sat in their automobiles in the street adjoining the forum. C. F. Krause was chairman of the meeting, and Hon. Hans Weisel, former assemblyman from this district, preceded Harbison in a short discussion of important features in this campaign.

A complimentary dinner was tendered the candidate and his wife at the Valencia hotel, at which forty or fifty representative citizens of Anaheim and a number of people from Santa Ana were present. Brief after-dinner talks were made by Clyde Bishop and Walter Edon of Santa Ana and C. E. Eyabroad and Mr. Henderson of Anaheim and Mr. Harbison. The Anaheim band was out and rendered selections at the hotel and at the forum.

At Newport Tonight

Harbison passed this forenoon meeting business men and farmers at Westminster, Talbert and Huntington Beach, being accompanied by Senator Anderson of this city and Ed. Larter of Westminster. This afternoon he called on ranchers at Harper and tonight will deliver an address at the school house at Newport Beach. The meeting will be preceded by a dinner at Balboa. Clyde Bishop was to have been one of the speakers at tonight's meeting but a conference tonight on an important project will prevent Bishop keeping the engagement. Deputy District Attorney Eden will speak.

POLY-FULLERTON FRAY RESULTS IN 0-0 TIE
Yesterday afternoon the Fullerton Junior College and the Santa Ana Junior College clashed in a game of football on the Fullerton gridiron. The two teams were very evenly matched although the Fullerton aggregation out-weighted the locals a little. A good brand of football was played by both teams although neither team was able to score on the other. The local team kept their opponents in constant fear, continually rushing the ball dangerously near Fullerton's goal. The field was in very poor condition, preventing end running and much open field work. In the first half the ball see-sawed

back and forth in the middle of the field. In the third quarter Santa Ana came back strong. A placement was tried by Packard of Santa Ana and failed only by inches. The line plunging of Captain Hamaker was one of the features of the game. Burge and Robinson did splendid work at right and left halves, respectively. The linemen did good, consistent work throughout. In the fourth quarter Packard of Santa Ana intercepted a forward pass made by Fullerton and made a brilliant run. Davis of Santa Ana received a forward pass and made a good gain. Fullerton played fairly steady. Davis of Fullerton at half-back starred for the Fullerton Junior College. Coach Warren was quite favorably impressed by the showing of the local team as this was their first game. Line-up for Santa Ana. Center, Dave Anderson; R. Guard, Don Stevenson; Geo. Parker; R. Tackle, John Bruns; R. End, Chas. Lynwood; L. Guard, Don Anderson; L. Tackle, Warren Fletcher; L. End, Keith Davis; R. Half, Bill Burge; L. Half, Mike Robinson and McVay; Fullback, Len Hamaker; Quarter, Bernard Packard.

He got a lot of cash, and the physicians afterward learned that there was no contest and that Andrews was bogus.

FORCEFUL TALKS STR PASTORS AS MEETING HERE ENDS

Too Much Organization In Young People's Societies Hit By Speakers

Back in their homes today, the scores of ministers of Southern California who attended the annual meeting of the Los Angeles Association of Congregational Churches and Ministers which closed here yesterday afternoon are still athrill with the helpful and stimulating addresses made during the closing hours of the meeting. The ministers today are reflecting on what was the practically unanimous expression of the speakers, that over-organization in the churches was apt to prove a hindrance rather than a help in aiding the pastors to get into closer harmony with the young people. Many Points Made Their addresses limited to fifteen minutes each, the speakers, using as their general topic “The Young People and the Church” made point after point and created a vast amount of enthusiasm among the audience. John M. Schaeffle, pastor of the Pico Heights Church of Los Angeles, speaking on “The Problem As I See It,” said that the young people of today are not a problem but an opportunity. He said that as a general rule the youngsters of today are better than their elders were. C. E. Hannaford, pastor of the Congregational church of Ventura, said that the Christian Endeavor Societies in most cases suffered from over-organization, which interfered with effective co-operation between the pastor and his younger flock. Tells Boy Scouts Work The activities of the Boy Scouts and kindred organizations and their advantages were outlined effectively by A. H. Weitkamp, pastor of the Pilgrim Congregational Church of Los Angeles. Regarding the question of whether the Sunday School without other organizations could be depended upon to keep young people in the church, Arthur B. Strong, Educational Director of the First Congregational Church of Pasadena, said that in most cases it could. He said that in nearly all instances a multiplicity of organizations was unnecessary. “There should be a personal touch in everything,” said Strong. “Give the young people something to do. More will be achieved by placing a greater amount of responsibility on the young. A general summing up was made by L. Potter Hitchcock, pastor of the Neighborhood Congregational Church of Pasadena. In a strong, forceful address on “The Challenge of Our Problems,” Hitchcock said that the problems were not so much in need of being discussed as they were to be taken as a challenge, a call for activity in determined efforts to solve existing questions.

PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, Oct. 18.—Mr. and Mrs. Charles Fuerstenau and family, who recently arrived from White, S. D., were pleasantly surprised Monday evening by a gathering of friends. The surprise was successfully sprung on Mr. and Mrs. Fuerstenau. Various games were played, after which light refreshments were served, consisting of chocolate wafers and homemade candy. Mr. and Mrs. Fuerstenau were then presented with a liberal fruit shower. Those present were: Mr. and Mrs. C. Fuerstenau, Mr. and Mrs. D. E. Carriker, Mr. and Mrs. Z. T. Johnson, Mr. and Mrs. C. R. Attorney Drumm is an old friend of Prof. Reddie of the Comus players, who is connected with the University of Oregon and who took the part of the “Chap-ple” in the play. The long table was screened off and beautifully decorated with chrysanthemums. A delicious menu was served in three courses. Covers were laid for the four Comus players and Mr. and Mrs. Drumm. The Woman's Club of Orange met in regular session Monday afternoon at the Colonial Theater. In the absence of Mrs. Pixley, Mrs. A. A. Bennett, vice president, conducted the meeting. After the usual business Mrs. Wiloughby Rodman of Los Angeles, addressed the club by permission. She made an eloquent and impressive plea in behalf of the suffering Belgians, and earnestly urged the women to give their aid even to sacrifice. The program of the afternoon was then given by Miss Kathleen Lockhart of Los Angeles, assisted by Miss Bernice Morrison, as accompanist. Miss Lockhart gave a varied and most pleasing series of songs. Beginning with some old Russian, Hindu and German songs of 1750 and ending with an Irish love song and “Annie Laurie,” and as an encore two lullabys composed by herself. Miss Morrison also gave a piano solo, brilliantly executed. The whole program was without a flaw and was thoroughly enjoyed. Guy and Roy Ford, Larry Kenyon, John Harms, Leon Shadel and T. M. Shadel made up a hunting party that sampled the quail shooting in the vicinity of Peris and Murietta last Sunday. They had excellent luck. A party of about a dozen members of the Orange Yeoman homestead were guests of the Anaheim homestead at an open meeting Tuesday night. It was “children's night” and a pleasant program was presented. Those from Orange were Mr. and Mrs. J. P. Lewis, Mr. and Mrs. Byron Stalker, Mrs. D. W. Keiser, Mrs. Y. Wane, Mrs. W. B. Park, R. W. Miller, P. I. Bird, C. W. Meadows and J. C. Hoge. He Uses the Safe and Sure Thing at Home

P. A. Efrid, Conejo, Calif., writes as follows:—“I have sold Foley's Honey and Tar Compound and also other lines of cough medicines for a number of years, but never use anything but Foley's Honey and Tar Compound for my family or myself, as I find it produces the best results, always cures severe colds and sore chest and does not contain opiates or other harmful drugs.”

Unthinking and careless people neglect their coughs and colds, not realizing how they weaken the system and lower the vital resistance to such grave diseases as bronchitis, pleurisy and even pneumonia.

For promptly averting serious results from a cold, use Foley's Honey and Tar Compound. It spreads a healing soothing influence over raw inflamed surfaces, cures tightness and soreness of chest, helps croup, whooping cough, stuffy wheezy breathing, bronchitis and all grippe coughs.

connected with the University of Oregon and who took the part of the “Chap-ple” in the play. The long table was screened off and beautifully decorated with chrysanthemums. A delicious menu was served in three courses. Covers were laid for the four Comus players and Mr. and Mrs. Drumm. The Woman's Club of Orange met in regular session Monday afternoon at the Colonial Theater. In the absence of Mrs. Pixley, Mrs. A. A. Bennett, vice president, conducted the meeting. After the usual business Mrs. Wiloughby Rodman of Los Angeles, addressed the club by permission. She made an eloquent and impressive plea in behalf of the suffering Belgians, and earnestly urged the women to give their aid even to sacrifice. The program of the afternoon was then given by Miss Kathleen Lockhart of Los Angeles, assisted by Miss Bernice Morrison, as accompanist. Miss Lockhart gave a varied and most pleasing series of songs. Beginning with some old Russian, Hindu and German songs of 1750 and ending with an Irish love song and “Annie Laurie,” and as an encore two lullabys composed by herself. Miss Morrison also gave a piano solo, brilliantly executed. The whole program was without a flaw and was thoroughly enjoyed.

Twenty, twenty and ten days were stipulated as the time limits within which such briefs should be filed.

There was a large audience of attorneys from Los Angeles and quite a sprinkling from Orange county to hear the expected arguments in the supreme court in Los Angeles yesterday. The petitioners, who, in reality

represent the Bar Association of Orange county, were represented by E. E. Keech, S. M. Reinhaus of Santa Ana and W. J. Hunsaker of Los Angeles, while W. E. Ferguson, M. C. Atchison and Wells himself represented the respondent.

The respondent, Wells, first suggested that, in his opinion, the issues could be covered by brief, and in this judgment he was joined by Chief Justice Angelotti.

Hunsaker, one of the attorneys for the Orange County Bar Association, stated it was agreeable to him to have the case briefed, but that he understood E. E. Keech, against whom a motion was pending to have his name stricken from the records as attorney for the petitioners, desired to be heard personally on that motion.

Keech thereupon stated the allegations against him were such that if true he ought to be proceeded against and not allowed to practice before the court, but Chief Justice Angelotti replied that he thought he could put his answer to the charges in his brief. Keech then asked that he be allowed to submit an affidavit signed by R. Y. Williams, one of the petitioners, and this he was allowed to do.

Submits Affidavit
Williams' affidavit set forth that he was district attorney of Orange county at the time T. Alonzo Wells was tried on a statutory charge in the superior court of that county and as such officer, conducted both of the trials in behalf of the people. According to the affidavit, all of the facts set forth in the petition with reference to the trials and the dismissal of the action appear from the records of the court. The affidavit further declares that Williams moved to dismiss the action, and that his main reason for so doing was that the complaining witness had removed from Orange county, and her whereabouts were unknown to the affiant, and that, after the exercise of reasonable diligence, she could not be found within the state. Williams further alleges in his affidavit that he did not receive information from E. E. Keech of any of the facts stated in the petition in the matter concerning the trials and dismissal.

Under the stipulation, the briefs submitted will cover the motion to strike the petition for hearing in the supreme court from the files, also the motion to dismiss the proceedings, and the motion to strike the name of E. E. Keech from the record as attorney for the petitioners.

Wells' motion concerning Keech was based on the theory that Keech could take no part in the present proceedings against Wells because Keech was one of Wells' attorneys when he was on trial here some seventeen or eighteen years ago.

WE'RE SATISFIED

The Register feels that it is to be congratulated. It is said that some men's worth can be measured by the enemies they make. The Register has the enmity of interests that have arranged a series of meetings in this county for the purpose of advancing the cause of keeping California wet.

Because the Register refused to accept money for advertising from those backing the wet meetings, this paper has been held up to public scorn, ridicule and accusation in words that were both bitter and tingling with sarcasm. The Register expects to have other kind things said about it at other meetings to be held in this county by the wets.

All these contributions and tributes of esteem will be thankfully received by the Register. The more we are abused at such meetings, the more certain we are that we have been doing our duty. We hope that the wet speakers will continue their attacks, for we are anxious that no one, no matter how wet, will have any cause to count this paper among the opponents of California dry.

The Register does not want any of the money that has been raised by those who are fighting to keep the saloon in existence. It not only does not want it, but it will not take it.

The fact that one of these meetings was to be held in a theater regularly open for patronage by the people of Santa Ana who seek amusement, caused the Register to conclude that it ought to state to the public through its news columns the real purpose of the meetings so that the meeting could not have the support of dries who might go to it by reason of not being informed of the purpose. That it did. The advertisements were turned down, and offers of money for advertising space have been refused.

Whether that money be for advertising a meeting or for advertising the cause of the saloon or for advertising the cause of the grape grower when that cause is a mere subterfuge in the fight for the saloon, the Register wants none of it. Saloon money is being used all over the state in the fight to keep California wet. Where it is believed that it will secure the most votes, the so-called plight of the wine grape grower is advanced. Elsewhere, it is argued that California's prosperity is threatened and that the workingmen is to be harmed if California goes dry. Where they think it will do the most good, the terrible hardship that will be worked upon tourists who will have to exist without their toddies is exploited.

The real fighter in the effort to keep California wet is not the grape grower. It is not the workingman. Neither is it the tourist or those who make their living off of tourists. It is the open saloon. It is the brewery and the manufacturers. It is the men who make and sell the stuff that ruins boys and girls, that starves babes and breaks the hearts of mothers, that robs men of mind, purpose, body and soul—it is these men who are making the fight for California wet.

The Register wants none of the money that is striving to keep in existence the traffic that makes money from the blood of innocents, from the crushed lives and ambitions of human beings, from the tears and stilled hearts of women.

VITALLY INTERESTED

Orange County is intensely interested in the outcome of the present campaign. Its interest is not of a passive or indifferent nature, but it is decidedly active and personal.

Orange County has a good deal at stake. Orange County ranchers and

Orange County merchants and Orange County workmen have most excellent reasons for looking the issues squarely in the face.

This county grows sugar beets, and within its boundaries are five great sugar factories, more than in any other county in the United States. While Republicans held the reins of government, Orange County's sugar industry was safe. The Democrats secured control less than four years ago, and it was not long before sugar was placed upon the free list.

True, second thought, something of an investigation and a tremendous noise from the sugar sections—and the greatest of these was the noise—caused the Democrats to change their minds. No party has any right to throw any industry into disorder and no party can justify itself for threatening the existence of any industry, without first giving it thorough consideration. That the sugar industry had scant consideration in the beginning was evidenced by the change of mind of the Democrats.

They have changed their mind on the sugar tariff once. Is there any reason why they should not change it again?

Orange County raises \$6,000,000 worth of oranges and lemons every year. The citrus men of this county have a \$6,000,000 a year interest in national affairs. The general policy of the Democrats places this industry in jeopardy. The general policy of the Republican party is strongly and consistently in favor of its maintenance and development.

One piece of misguided Democratic legislation could wipe out the income of Orange County's citrus growers.

Orange County grows walnuts and beans and a lot of other products. Here, there and everywhere in Orange County are men and women whose livelihoods may be trimmed by the legislation of a party that does not believe in a high tariff.

Because Orange County is deeply interested in national affairs, and because safety lies in Republican control, voters of Orange County should give their undivided support to the Republican ticket.

THE NIGHT SCHOOL

That a night school could be made a big success and would meet a want was demonstrated in Santa Ana months ago, but the matter never got much beyond the demonstration period.

The night school started off with a rush. Enrollment went up to 1000, and classes in a majority of the subjects taught found themselves crowded with grown-ups who were anxious for more schooling than they had been able to get in their younger days. There was more or less fad about the night school for a time, as we remember it, but at the end of a few weeks there remained several hundred devoted students to be disappointed when lack of funds made it necessary to close the institution.

There were some who opposed the use of public funds for the education of mature persons. It was argued that a man who is earning a living has no more right to expect the public to give him two lessons in Spanish a week than he has to expect the public to give him a couple of fat hens for his Sunday dinner.

Our school authorities offered to undertake the management of classes, the members of which should pay for their instruction. However, no consistent effort to establish a night school upon that basis was made, and the institution that had started off in prosperity and in the warmth of glowing success, for want of public funds to support it, went into frigid retirement. Whether that retirement shall be temporary or permanent is a question that has hardly been asked publicly, let alone being settled.

All over Southern California the night school is working its way into recognition as a public school institution. Wherever it has been tried out, a goodly number of grown-ups have been found to patronize it. At Redondo Beach there are seventeen more students enrolled in the night school than there are in the day high school, which has an enrollment of 204. That the night school was giving to many Santa Anans something that they wanted was evidenced during the short but spectacular life that it lived.

The Register has no desire to be listed in the category of those who do not know enough to let sleeping dogs lie, but it does venture to say we ought to have a night school of some kind conducted in connection with our public schools. Whether or not now is a good time to again start one, is a question that can best be answered by the school authorities, and whether or not such a school should be free or should be placed upon a tuition basis is a detail concerning which opinions will no doubt continue to differ, but it is a detail that has little to do with the need or popularity of the night school as a permanent institution.

Just Among Ourselves

To be able to see the significance of things—that is what one needs to help make one a more useful citizen. The Salt Lake is coming. Do you realize the significance of that? Before many more months four great railway systems will be running in and out of Santa Ana. Why is the Salt Lake coming? Because its officials know that Orange County is really what it is called, "the biggest little county."

Are you going to vote "yes" on Amendment No. 3, November 7, and help the proposition to issue \$15,000,000 good bonds? If you are not, don't tell anyone, if you value the opinion of your neighbor regarding your far-sightedness.

Are you aware that there is more optimism in the air? That money is easier? That the anvil chorus is being heard less frequently? That the wheels of industry are beginning to grind more merrily? Hustle. Boost. Don't knock.

Better late than never, so here goes—hats off to the city for its commendable action in putting up proper, and readable speed signs on the principal approaches to Santa Ana.

By the way, what has become of the man who, upon contemplating Santa Ana, would have aroused in him nothing but feelings of gloom?

Santa Ana may be without the wherewithal adequately to keep its dirt streets in shape but a dirt street never was improved to any appreciable extent as long as grading

machinery was allowed to moulder and rust in its sheds. The earth has become loosened. Now is the time to get in some good licks, Superintendent O'Brien. Keep your tools working.

In one of the recent magazines, a series of pictures was shown illustrating what one man did for his town in making rose spots well. Santa Ana has some eye-sores which would make the angels weep, and they are right in the center of this beautiful city. Nuff sed!

Are you contributing to the support of that splendid organization boosting for Santa Ana twenty-four out of every twenty-four hours—the Santa Ana Chamber of Commerce? If not, you are not doing your duty.

There is every prospect of Company L returning to Santa Ana within the next two weeks. Other cities of Southern California are planning for a homecoming reception to the soldier boys who have been down on the border since last June. It is a splendid way in which to show appreciation of the service of the militia. Santa Ana should fall in line and arrange for a demonstration for Co. L.

The Pacific Electric Company is making good on its promises to the people of Santa Ana that it would place its tracks on Fourth street in better condition by removing the stone blocks on either side of its tracks, and workmen engaged in replacing these "bumps" on East Fourth street are doing a work that will be fully appreciated by the vehicle-traveling public.

WILSON NOT ADEQUATE

From Fresno Republican

Within the four years of the next national administration, the world will face the greatest constructive task in its history, and whoever is President of the United States should occupy a unique place in the leadership of that task. Can President Wilson do it?

Not unless he acquires a totally different mental equipment from that which he has used to "keep us out of war," and convinces the world that he has acquired it. Vacillating opportunism may sidestep a fight, but it will not do constructive work. Phrases for principles may do in putting a literary gloss on the sorry spectacle of Mexico, but they will not help bring order out of the chaos of Europe, or leadership out of the present impotency of America. "Watchful waiting" may do on the bleachers, but it is of no use in the game. And it is into the game that we must get. Rhetorical abstractions may fill up a lecture on international law, but the first step toward concrete international right is to stand up manfully for our own rights. President Wilson's whole course, during the war, has been that of a man not possessed of the intel-

lectual and temperamental equipment and the constructive resourcefulness which the task of reconstructing which the world will require. And even if it were possible to extemporize the equipment now, in himself or in a new cabinet, it is too late to convince the world of it.

When peace comes we want it to be peace—a military peace that, will last, and an economic peace that will not divide the world into hostile trade alliances of discriminating tariffs. When the world is remade, we want to hold our place and play our role in it. When the new internationalism comes, with the strong nations co-operating and the weak ones under tutelage, we want to be able to do our part in that world, or at least to maintain our rights against it.

It is a job to stagger the imagination. It is a beginning whose ends will reach into the remotest ages. It is a crisis whose consequences will affect everything else that we or our children's children shall do, to the end of time.

And it is a task to which President Wilson has convinced the world that he is not adequate.

JUSTICE HUGHES--HUMANITARIAN

From Riverside Press

The California eight hour law for women was upheld by the Supreme Court of the United States. Justice Hughes wrote that opinion.

The Illinois child labor law was upheld by the Supreme Court of the United States. Justice Hughes wrote that opinion.

The pure food law of Illinois, prohibiting the sale of food preservatives containing adulteration, was upheld by the supreme court of the United States. Justice Hughes wrote that opinion.

In the Leo Frank case of Georgia, Justice Hughes, with Justice Holmes, dissented from the majority of the Supreme Court of the United States which refused the application for a writ of habeas corpus, in these words: "It is our duty to act—now and de-

clare lynch law as little valid, when practiced by a regularly drawn jury, as when administered by one elected by a mob intent on death."

The Iowa law, prohibiting railroads from making contracts with their employees, limiting the right to recover damages in advance of the injuries received, was upheld by the Supreme Court of the United States. Justice Hughes wrote that opinion.

The labor contract law of Alabama, which, in effect, made the failure to perform contracts of labor a crime, was held unconstitutional by the supreme court of the United States, the opinion stating, "while its immediate concern was with African slavery, the 13th amendment was not limited to that. It was a charter of universal civil freedom for all persons of whatever race."

Glad to Know You
A paper comes to hand containing the information that Representative August Peabody Gardner of Massachusetts "is unquestionably the foremost living American."

It must be fine to be conscious of being so great, and it is a pleasure to meet the gentleman, even at long range.

Perpetual Youth
As a member of the Philadelphia Public Ledger staff I often performed the duty of editing voluntary contributions from Ryerson W. Jennings, who, when he wrote, had the peculiarity always of having something to say.

Just the other day Mr. Ryerson proved that even in framing an advertisement the peculiarity clings to him for in seeking the services of a clerk for his hotel he called for a young man between fifty and sixty years of age.

No foolishness about that, either. There are plenty of just the type of men he mentions. The policy of placing the active citizen on the shelf just when he has reached the maturity that gives him sense and has taught him the value of having a job never found any sanction in this column.

Matrimonial Risks

A woman of eighty, who confesses to having a husband of fifty, was in court the other day trying to find a way of making the youngest behave. She said they had been married twenty years.

Probably the court had little to offer but sympathy. The woman of sixty who marries a man of half her age is not only running the ordinary risks of matrimony, but grabbing at a

whole lot of others that it would be easy to evade by choosing a grown-up.

Perhaps the scribe who wrote it down as "illegally."

Iron Is Greatest of All Strength Builders, Says Doctor

A Secret of the Great Endurance and Power of Athletes

Ordinary Nuxated Iron Will Make Delicate, Nervous, Rundown People 200 Per Cent Stronger in Two Weeks'

Time, in Many Cases

NEW YORK, N. Y.—Most people foolishly seem to think they are going to get renewed health and strength from some stimulating medicine, secret nostrum or narcotic drug, said Dr. Sauer, a well known Specialist who has studied widely both in this country and Europe, when, as a matter of fact, real and true strength can only come from the food you eat. But people often fail to get the strength out of their food because they haven't enough iron in their blood to enable it to change food into living matter.

NOTE—Nuxated Iron recommended above by Dr. Sauer, is one of the newer organic iron compounds. Unlike the older iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy, in nearly all forms of indigestion, as well as for nervous, run-down conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit \$100.00 to any charitable institution if they cannot take any of their patients under 60 who lacks iron and increase their strength 200 per cent or over in four weeks' time provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Bowley Drug Co. and all other druggists.

to fourteen days' time simply by taking iron in the proper form, and this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or tincture of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like nuxated iron if you want it to do you any good, otherwise it may prove worse than useless. Many an athlete or prize fighter has won the day with iron before he went into the fray, while many another has gone down to a glorious defeat simply for the lack of iron.

SILVER JUBILEE SERVICE

Young People's Alliance Zion
Evangelical Church Cele-
brated Sunday

The twenty-fifth anniversary of the General Young People's Alliance of Zion's Evangelical church was honored by a special service last Sunday evening by the alliance of this city.

The service was led by Oscar Gruenewald, the only charter member of the Santa Ana Alliance. The alliance of this city was organized more than twenty-three years ago with fourteen members and has grown to a prosperous and flourishing society with a present membership of sixty-four.

The fore part of the service was given over to Miss Winifred Huser, who led in a spirited song service. The latter part of the service consisted of special music by the choir, and the history of the General Alliance, activities of the alliances and a reminiscence of the Santa Ana Alliance, by Sam Vogt, Miss Mabel Laux and Oscar Gruenewald.

The service closed with a short but encouraging talk by the pastor, Rev. Theodore Schauer, and an offering for the superannuated fund of retired ministers.

City Attorney Talks to Women

The Woman's Club held a well-attended meeting yesterday afternoon at the home of Mrs. Annie H. Gale. The president, Mrs. I. D. Annis, being in, the vice president, Mrs. Charles H. Stanley, presided.

Mrs. H. H. Sharp was elected alternate to the Orange County Federation of Women's Clubs at Garden Grove, October 21, in place of Mrs. Stanley, resigned.

After the close of the business session the club was addressed by City Attorney Scott on "Property Rights of Women." His address was interesting and instructive and at the close of it he was asked many questions, which he answered in a most pleasing way, throwing light on a number of not clearly understood points of law.

A rising vote of thanks was given Attorney Scott for his splendid talk.

Returned From Kansas City

Mrs. A. D. Bishop, who went East in August to attend the National convention of Daughters of Veterans in Kansas City, returned home last Sunday.

The meeting of the Daughters was one of the most successful of its history, the presiding officer being Miss Katherine R. A. Flood of Boston, who for the past six years has been secretary to the commander in chief of the G. A. R. and known to all the Grand Army men as the "permanent" commander in chief. Miss Flood has again been appointed as secretary to the new commander.

Mrs. Bishop, with Mrs. Croft Phillips, past national president, was continued as a committee to revise the ritual and constitution and by-laws of the Daughters of Veterans.

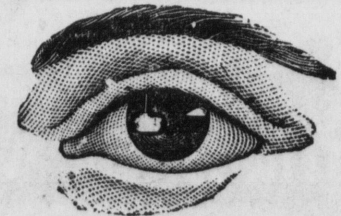

Following the close of the convention, Mrs. Bishop went to Indianapolis, where she enjoyed all the pleasures provided for the "Exiles" during the centennial celebration held in Indianapolis, witnessing the truly remarkable pageant staged in Riverside Park, in which Indiana history was shown, and in which Mrs. Bishop's ancestors played a prominent part.

SEMI-ANNUAL MEETING

Fine Program Planned For
Orange County Federated
Clubs Oct. 21

Of growing importance to the women of Orange county are the meetings of the Orange County Federation of Women's Clubs, and an unusually fine program has been arranged for the fourth semi-annual meeting which will convene at the church in Garden Grove on Saturday, October 21, at 10 a. m., with the Garden Grove Tuesday Afternoon Club as hostess. The meetings of the Federation are open to all women whether members of clubs or not, and a special invitation is extended to those who are not club members to attend this meeting. As in the past, the major portion of the luncheon will be furnished by the entertaining club, but visitors are asked to take sandwiches or cake.

The morning session will be devoted to business, but business of a nature to interest all present. Brief talks on the proposed amendments to be voted on at the November election will be given by the district and county chairmen of legislation. The roll call of Clubs always brings out excellent suggestions for other clubs to follow. Mrs. C. M. Evans, president of the Garden Grove Tuesday Afternoon Club will give an address of welcome, to which Mrs. J. William Sackman of Santa Ana Civic Club, will respond.

Mrs. Katherine Phillips Edson will discuss the industrial situation in California as it affects women and children, a subject in which every woman should be vitally interested. Mrs. Winifred Rodman will speak on "Our Little Sisters Over the Sea," telling particularly of the Belgian women and their terrible plight due to the great war. E. M. Nealley's subject will be "Rabindranath Tagore, the Prophet of the Inner Life."

The musical program will consist of a violin solo by Mr. Irvin, accompanied by Miss Muriel Arkley; a piano solo by Miss Ruth Violet, and two songs by Miss Winifred Adland.

The program is as follows:

FALL RECEPTION

Prominent Young Musicians
Entertain Large Number of
Friends Monday Night

Opening their handsome new studios to about seventy of their friends, Karl Fraser, Misses Lalla Fagge, and Estelle Jessup opened the fall musical season Monday evening. The two beautiful and cheerful rooms were made even more attractive with dahlias and sword ferns and before the guests departed from the pleasant scene they were served with delectable refreshments by the hosts, assisted by Misses Ray Knight and Minnie Phillips.

It was very much regretted that Miss Jessup was not present, as she was taken suddenly ill. She was to have taken a prominent part in the evening's program and was greatly missed.

Miss Jessup had rehearsed the orchestral accompaniment of the Liszt Concerto in E flat, which Mr. Fraser was going to play, and as a consequence the number had to be omitted.

Miss Fagge played two groups of short pieces from different schools and nationalities. Her numbers were all enthusiastically received, especially a Chai "Oriental" which was repeated, by request. Miss Fagge has a very big, sonorous tone, and exceptionally free, vent bowing. Her interpretations are always original and convincing.

G. Haydn Jones, a tenor of recognized standing in Los Angeles gave two groups of songs. In one song, "Dear-est" by Sidney Horner, he showed a perfect control in soft, lyric tone. In another, "Vesti la Giubba" from "Pagliacci," he was equally at home in his dramatic work. This aria is considered one of the most difficult songs written for tenor.

Miss Winifred Roberts gave two groups of delightful readings. The readings all had musical settings or piano accompaniments. One of the shorter readings, "Oh, Sea," an exquisite bit of work, was written by Mrs. Edith Grensted Rochester, who was present Monday evening. The musical setting was written by Mr. Fraser and was charming.

Miss Roberts' interpretations are always admirable, and her voice is very sympathetic. Her voice also has a quality which blends perfectly with the musical background and this is something of which any reader may be proud.

Though Mr. Fraser did not play any solos, his accompaniments showed such quality of tone and such refinement and sympathy that his hearers needed no solos to convince them of his ability and standard of musicianship.

Club Hears Good Paper

The Orange County Club met last evening at the home of Mr. and Mrs. A. J. Crookshank, 620 North Spurgeon street. Vocal selections, "Boat Song" by Harriet Wave, and "Since We Parted" by Frances Allitsen, were ably given by Mrs. F. W. Slabaugh, accompanied on the piano by C. A. Gustlin.

The paper of the evening was read

by Miss Elizabeth Wyant on the subject of "Military Training in the Public Schools." The paper was a most interesting and exhaustive one and was followed by a general discussion.

The feeling that military training in the schools is desirable was the almost unanimous voice of the club.

The following names were presented and elected as members of the club: Dr. and Mrs. J. G. Kennedy, Dr. Caroline Paine, Edwin McFadden and Miss Mabel McFadden.

The meetings of the club are held on the third Monday of every month at the same place.

PAST MATRONS MEETING

Mrs. W. L. Tubbs Hostess to
Pleasant Gathering East-
ern Star Women

Mrs. W. L. Tubbs was hostess to the members of the Past Matrons' Association yesterday afternoon at her pretty home on Bush street. Beautiful chrysanthemums in all the richness of their autumnal shadings were culled and used in profusion for decorations.

The afternoon was pleasantly spent with fancy work and social intercourse.

All were sorry to hear of the serious illness of one of the members, Miss Mary Cotter, who is under the care of a trained nurse at her home in Los Angeles.

An interesting letter from another member, Mrs. Etta Dickinson, who is now in San Francisco, was read and appreciated by all.

Dainty refreshments were served by the hostess at the close of the afternoon. The members present were: Mrs. George Balderston, D. W. Crawford, S. J. Evans, J. R. McGlock, M. L. Palmer, U. D. Palmer, H. H. Reeves, Max Reinhaus, O. M. Robbins, W. H. Thomas, W. L. Tubbs, T. A. Revival meetings opening at the Free Methodist Church Monday night will continue until next Tuesday evening. Rev. C. H. Chase of Ontario, one of the strong men of the church, is conducting the meetings and is attracting good audiences.

"The Conditions of a Scriptural Downpour" was the theme of his discourse last night. His text was chosen from Mat. 3:10: "Bring ye all the tithes into the storehouse," etc.

He made the points that the great need of the downpour is to dredge out the channels of false doctrine; to overflow and enrich the soil; to float those who are stuck fast, and to create a pressure to run the machinery without friction.

Meetings will be held every evening at 7:30 and morning meetings at 10 o'clock up to Saturday.

NEWS FROM CO. L

CAMP STEPHENS, NOGALES,
Ariz., Oct. 16.—Today being Sunday
we did not have anything to do but
lay around and take it easy. That is
all we have been doing though since
we came back from Fort Huachuca.
The men deserved a good rest. It has
been learned that the California
troops broke all military records and
also broke the records held by the
regulars or any other outfit ever taking
the trip.

The nights have become so cold
down here that the men have made a
diver for the little stoves and you can
rest assured that we don't suffer from
the cold any more.

"Hawkshaw" Hawkins is now being
called "Buffalo Bill" Cody on account
of his resemblance to the famous
scout.

An amusing thing happened with
Admiral Billy tonight. This is what
happened. We had chile and beans
for supper and after we had eaten the
boys tempted the Admiral with some
beans. Billy was a good soldier and
went after them in great style but as
soon as he got through eating his
portion his mouth was burning and he
immediately began to look for a drink
of water. He was tempted several
times with beans again but Billy
thought that he had had enough and
refused to take them. Even some
good apple pie Cook Tervoren had
made for the men was scorned. Billy
has grown so he will not be recognized
by the people of Santa Ana when we
get home.

We were over and had our finger
prints taken the other day and also
were examined for scars and marks of
identification to be used in case of an
emergency.

October has opened with a marked
improvement in the demand for
California dried fruits and values are
firm all along the line. Evaporated

well cleaned up and are advancing
steadily, although values have been
as high as a level as the consuming
demand will permit.

Delicious apples are now on hand

BANK AND BEANS ARE INVOLVED IN SUIT HERE

Plaintiff Asserts She Should Have Received Satisfaction For Her Judgment

A sale of beans by a bank is concerned in an action brought by Ellen M. Young, represented by Attorneys Hartwick & Drumm, against the First National Bank of Huntington Beach.

According to the complaint, the plaintiff got judgment for \$333.67 against A. C. Van Winkle, and execution was issued. In reply to an investigation by Deputy Sheriff Cravath, a return was made by the bank showing that it held no valuables for A. C. Van Winkle. It is alleged in the complaint that later the bank sold 230 sacks of beans that it held for Van Winkle, and got \$846. The plaintiff asserts that judgment should be given her against the bank because the bank did not relinquish control of the beans at the time the deputy sheriff made his investigation.

PREPAREDNESS GIVEN BOOST BY ADM. SEBREE

EL CENTRO, Oct. 18.—"We have long watched the preparedness movement with deep interest and feel that it is of greatest importance to this country," declared Rear-Admiral Sebree, U. S. N., retired, who with Mrs. Sebree, arrived from Coronado for their first visit to Imperial Valley. The admiral admitted that El Centro's 57 feet below sea level represented the lowest point he had been in his entire service in the navy, extending over forty years.

"It takes a long time to build a battleship. It also takes a long time to transform civilians into good sailors. Both ships and men should be ready at the same time. That is why the men and officers of the navy, responsible for naval efficiency, are so anxious to see the preparedness work go forward."

Save Your Hair! Double Its Beauty In a Few Moments—Try This—

—If you care for heavy hair, that glistens with beauty and is radiant with life, has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fashish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?—Advertisement.
